

November 30th 2020 - date of the WIB competition announcement

We are happy to inform you that on November 30th 2020, on the programme's website: www.wib.port.org.pl, we will publish an announcement of the open competition for research teams under the WIB Programme. The programme will finance research tasks in the field of medical biotechnology - oncology.

The competition is being prepared on the basis of the Act of April 4, 2019 on Supporting scientific activity from the Polish Science Fund.

Along with the announcement we will specify the date of the call for applications. Additionally, the competition documents, including the regulations and a template of the financing agreement will be shared.
