

WIB Management Agreement signed

The Virtual Research Institute (WIB) Management Agreement has been concluded. It was signed on 16 October 2020 in Warsaw by Wojciech Murdzek, Minister of Science and Higher Education and Andrzej Dybczyński, PhD, Director of Łukasiewicz – PORT. We are grateful to the Ministry of Science and Higher Education for appointing Łukasiewicz – PORT as the managing entity for the WIB programme.

We will immediately inform you about any further steps involved in launching the competition for research teams under the WIB programme.

The Virtual Research Institute:

- is a programme for financing research with a high potential for commercialisation in the field of oncology.
- empowers scientists to carry out world-class research projects
- provides an opportunity for innovative research with a high commercialisation potential, which will benefit all of society.
